With various venues to choose from - within the exquisitely appointed French country Chateau and the grand rustic Chai - you will experience ageless quality in a warm and friendly surrounding.

THE CHATEAU

Private Upstairs Dining Room

Featuring a 12-foot French antique table under the open-beamed ceiling, this room is perfect for a candlelight dinner next to the hearth or for the beginning of an evening with wine and hors d'oeuvres before touring the Chateau. Our dining room accommodates up to forty persons.

The Great Hall

With its high cathedral ceiling, beautifully stained glass windows, stone fireplace and chandeliers, this special room is ideal for elegant dinners up to sixty guests. Cascading sunlight through the stained glass casts the perfect glow for your event and invites you to stroll the gardens at the end of the evening.

The Cobblestone Garden Patio

The stone patio accommodates up to four hundred persons in the Carmel Valley sunshine. With a view of the surrounding

hillsides and the elegant gardens, we can set up the perfect barbecue lunch, create the most memorable themed event or a simple dinner under the stars.

The Conservatory

Flowing from the Great Hall through the French doors, this majestic glass covered venue encompasses the surrounding gardens while seating up to ninety guests for dinner or one hundred-fifty guests for a standing reception.

THE CHAI

Home to 1200 oak barrels, the Chai is a short stroll along an antique cobblestone pathway from the Chateau. Surrounded by six acres of Sangiovese vineyards, this venue boasts cathedral ceilings, specialty lighting and custom designed stone walkways.
